

ARISCO Contracting Group, Inc is a recognized leader in the Michigan Tristate area for projects involving and not limited to masonry, facade restoration, and concrete repair and waterproofing. Since our incorporation, we have performed many different successful work scopes for Construction Managers, Building Owners, and K-12 Educational facilities.

Arisco is looking for a seasoned estimator in masonry and general construction services.

Responsibilities include but are not limited to:

- Completely understanding the estimating process
- Prepare estimates for projects from \$20,000 to 2 million dollar projects
- Understand project goals and deadlines
- Have a comprehensive understanding of all costs involved
- Develop project leads
- Propose value added budget ideas

QUALIFICATIONS:

- 2-10 years construction estimating experience
- Experience with New Work Masonry preferred
- Construction Management, Engineering
- Excellent written/oral communication and presentation skills
- Commitment to detail and strong sense of urgency
- Exceptional follow-up skills
- Strong computer/typing skills
- Proficient with email and Internet
- Must be well organized and possess problem solving skills
- Experience in preparing scopes
- Previous experience working with a self-performing contractor

The right candidate will also be very self-motivated and driven and have the ability to manage their own workload with minimal supervision.

Arisco's compensation is negotiated at time of interview.
